

## 2015 Connect with Sustainability Game Sheet

Your name: \_\_\_\_\_

Your SUNY Orange e-mail: \_\_\_\_\_

Have fun learning about SUNY Orange's Sustainability efforts as you try and answer the questions. Drop off your completed game sheet no later than Friday, 9/18 at 5 PM in one of the "Connect with Sustainability" boxes located at the Shepard Student Center's Information Desk (Middletown Campus) or the Library (Newburgh Campus). Six (6) prize winners will be randomly selected from all the entries and will be contacted via e-mail by Friday 9/25. Good Luck and Thank You for participating!

### 1) Does SUNY Orange provide Recycling Containers on Campus?

YES                      NO                      [Circle one]

### 2) Which items can readily be recycled both here on campus and at your home: [Circle all that apply]

Paper                  Aluminum Cans                  Glass Bottles  
Plastic (1-7)          Styrofoam                          Cardboard

### 3) Do our campuses have light movement sensors in any rooms?

YES                      NO                      [Circle one]

### 3a) If 'YES', which rooms have you noticed them in?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

### 4) List three 'trash items' which are collected for 'up-cycling' through the TerraCycle Program: (hint: You will find the answer(s) on the TerraCycle collection boxes, located throughout both campuses).

- 1) \_\_\_\_\_
- 2) \_\_\_\_\_
- 3) \_\_\_\_\_

Continues on next page

### 5) A rain garden is considered a "green infrastructure" and helps filter runoff water. Both campuses have one of these gardens. Where are they located on our campuses? [Circle two]

- |  |                                   |
|--|-----------------------------------|
| a) On the roof of the MDT Library                                  | b) Next to the MDT Gazebo         |
| c) On the lower plaza between Kaplan Hall and Tower Building (NWB) | d) Outside the NWB parking garage |
| e) I don't know but I'll try finding them.                         |                                   |

### 6) Match each ITEM with the correct FACT [Draw connecting lines]

Steel Food Can	If recycled, I can become part of a kitchen countertop
Glass Bottle	Recycling one of me saves enough energy to run your TV for four hours
Plastic Bottle	Creating me from recycled materials saves 67% of the energy needed to produce me from raw materials.
Aluminum Soda Can	Americans recycled enough of me in 2011 to provide the raw material to produce 17 million extra large T-shirts.

### 7) What is a Xeriscape garden? [Circle one]

- A) a garden with no plants      B) a garden that is quite drought tolerant  
C) a garden that only has trees      D) I don't know but I'll try finding out

### 8) Tell us what you do (or would do) to help the environment:
