Sustainability Grant – Application (2010--11)

Please provide the following supporting documentation (proposal evaluation rubric includes these components)

- Provide a detailed explanation of your proposal. Include details on how the proposal meets one (or more) of the Sustainability goals for the academic year, and outline the projected impact of your proposal..

- Provide an explanation of the impact of your proposal. Include an explanation of whether and to what extent, the proposal will have a direct, measureable impact. Highlight to what extent the impact is related to the Sustainability goals for the Academic year.

- Discuss how you intend to track, report and communicate progress and success.

- Include a timeline of action steps , activities, etc. associated with the proposal.

- Estimate the hard or soft cost savings to the college. (*Hard costs = savings in dollars/energy; Soft costs = efficiency, satisfaction, productivity, etc.*)

- Explain how the proposal will increase awareness of sustainability / sustainable responsibility.

- Explain how the project demonstrates a capacity for reduction of Greenhouse Gas Emissions (GHGE)
 - Include an explanation of the quantification of the GHGE reduction.

- Describe the extent of collaboration and cooperation across constituencies / groups (include the extent of buy-in and approvals that have been sought and obtained regarding the proposal).

- Supply and explain project budget.
