Why Engineering?

Engineering is everywhere, from paper plates to skyscrapers, nanotubes to space stations. Engineering offers a broad array of career choices, perhaps more than any other career, many with excellent starting salaries. You can choose from any of the following fields, or develop your own. The choice is up to you.

• Aerospace engineering
• Biomedical engineering
• Chemical engineering
• Civil engineering
• Computer engineering
• Electrical engineering
• Environmental engineering
• Geo-technical engineering
• Nuclear engineering
• Mechanical engineering
• Structural engineering

Why Engineering at SUNY Orange?

The answer is simple: success and cost! For nearly 60 years, we have been sending students on to upper division engineering schools. Our outstanding success rate for transfer students completing a bachelor’s degree, along with our tremendously affordable tuition rates, makes SUNY Orange the logical place to start on the road to the engineering career you desire. We are small enough to give you individual attention and experienced enough to give you individual encouragement. A professional degree in engineering, the sciences or technology will challenge your creativity and give you the educational background to engineer your own future.
