

Accessing Angel at SUNY Orange

Launch your web browser (Internet Explorer 7.x, 8.x or Firefox 3.x – Chrome or Safari will not work with all Angel components) and go to <http://www.sunyorange.edu>

Click the link for **MYSUNYORANGE** (see picture).

This will take you to the Single Sign-on Webpage.

Your username will be your “A” number, which can be found on your acceptance letter or class schedule. Your initial password will be your date of birth in MMDDYY format.

(If you do not know your “A” number, please contact the SUNY Orange Help Desk at 341-4749 or email helpdesk@sunyorange.edu)

Upon your first log in, you will be prompted to create a personalized password and answer a series of security questions that will be associated with your account. It is important to remember your answers because these questions will be asked whenever you need to change/reset your password.

Once you have logged in successfully, you will see boxes for Gmail, Banner, Angel and Library Services in the upper left-hand corner of the page. Clicking on the box will launch that application.

Click on the Angel box to go to your Angel Home Page. Once in Angel, click on the name of your class under the Courses area to enter the course.

If you need help with **Angel**, contact the SUNY Learning Network Help Desk at **1-800-875-6269** (Toll-free within the United States)

You can also contact:
Maureen Ann Larsen
Coordinator of Instructional Technology

at 845-341-4484
