

## **WELCOME TO HEALTH SERVICES**

Phone: (845) 341 4870

Fax: (845) 341 4872

[www.sunyorange.edu/healthservices/](http://www.sunyorange.edu/healthservices/)

Our office is located on the second floor of the Shepard Center and our services are free of charge. A detailed list of services available is outlined in our brochure which is also in your orientation packet. We do want you to be especially aware of the following insurance information.

All students are covered by an accident insurance policy and all full-time students are covered by a limited, additional sickness benefit for a \$9 per semester fee. Insurance information, brochures and claim forms are available in our office or at [www.studentplanscenter.com](http://www.studentplanscenter.com)

This SUNY Orange student policy with Commercial Travelers acts as a secondary policy for those students who already have a Primary health insurer.

For those students with no other Health Insurance, this becomes their primary insurer.

If you go to a Medical Provider and need to use your insurance, you must show your Insurance Identification Card.

Please stop by our office or call us for more information about accident and sickness insurance. Students are requested to come to health services to file an incident report should you have an accident and need to make a claim.
